Automatic Direction Change

The ball automatically changes direction when hitting an obstacle such as a wall, chair, door, etc.

PT2003 LED Magic Cat Ball (included 6 button batteries)

Size:dia.6.4cm

- 1) Simply press the ON/OFF button, intelligent avoidance of obstacles,
- 2) Built-in LED flash, stir up the curiosity of the cat.
- 3) Built-in collision sensor, the cat toy balls will automatically change its direction when colliding with a wall, chair, door, etc. no extra help required, all you need to do is turn the ball on to play and turn off

Patent No.:201420292751.0

How to work

SIMPLE OPERATION AND CONVENIENT INSTALLATION

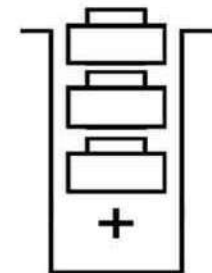

01 Unscrew the ball

02 Open the battery door, put in 3 new batteries in right direction.

03 Screw the half back, press the button to start working.

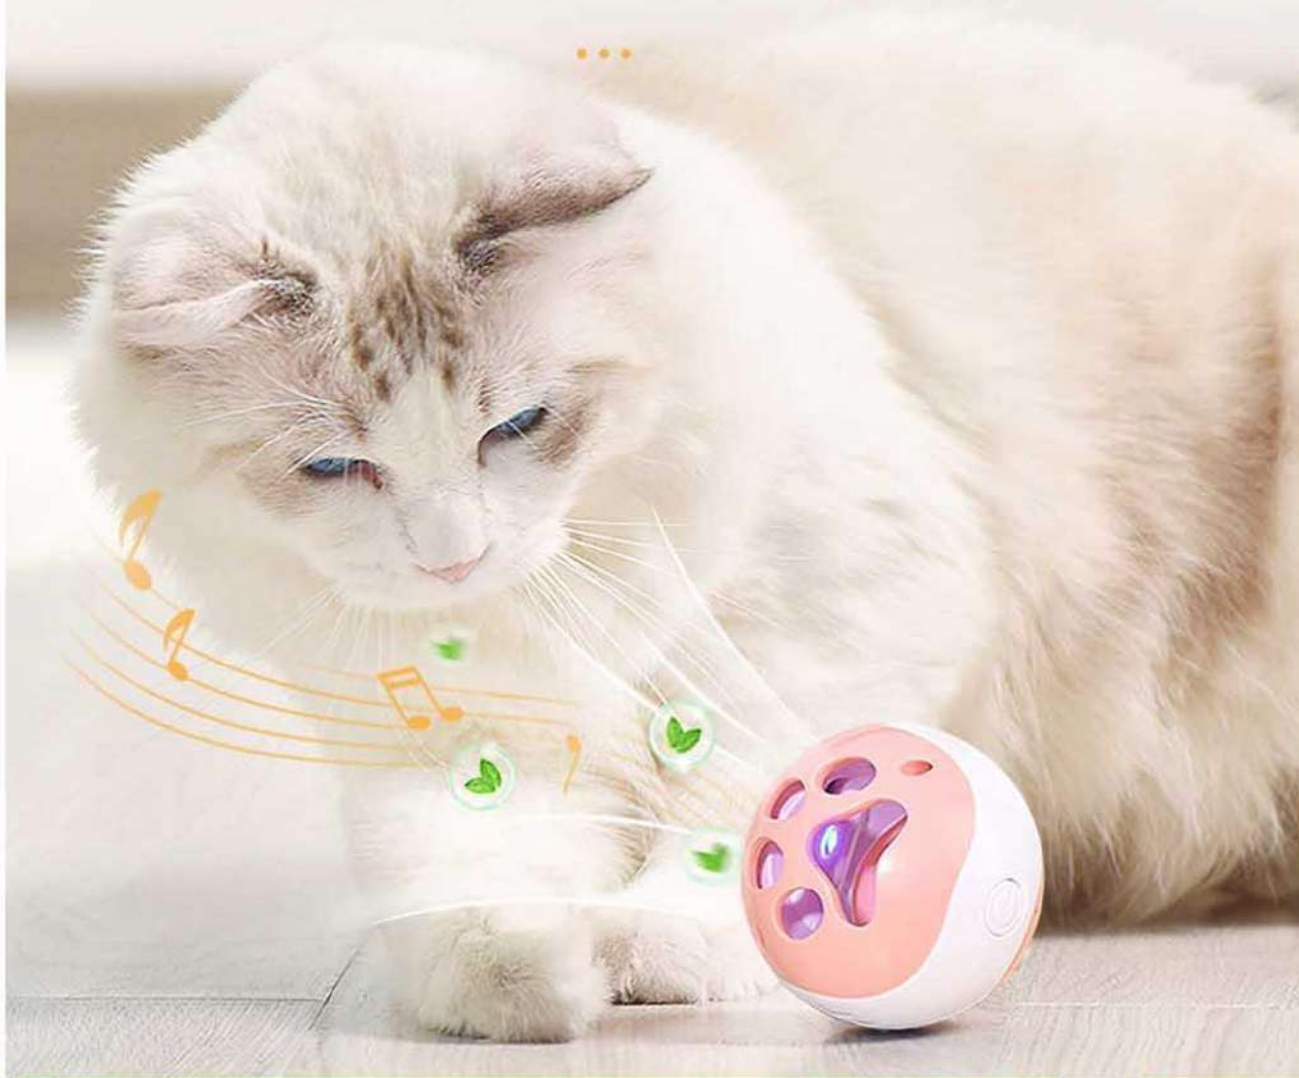

RoHS

Flash Cat Ball with Mouse Sound

flash light | catnip included

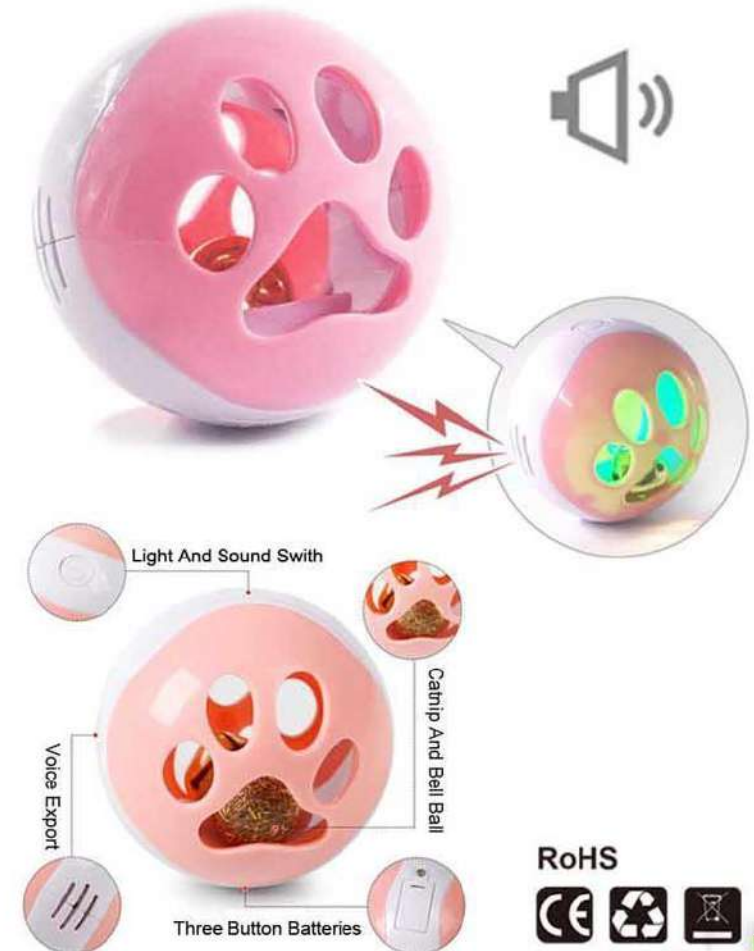

PT2004 Flash Cat Ball with Mouse Sound

Size: dia. 2.37 inch

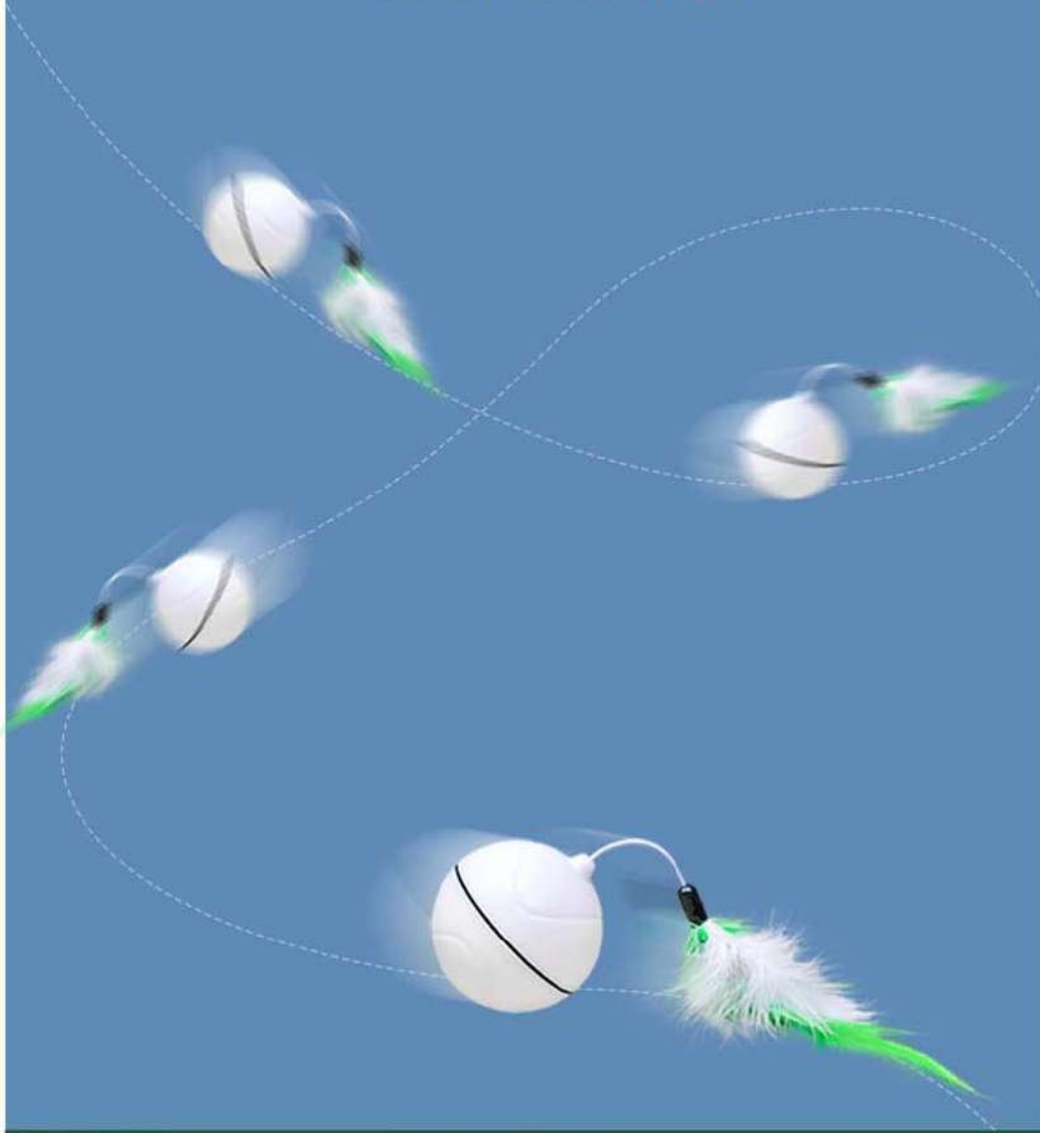

- 1) Built-in LED light in this cat toy, giving a colorful light effects from the window in the shape of cat paw, making the kitty plays longer.
- 2) Coming with a big metal bell inside, it will make a pleasant ringing when rolling, the kitty can have fun with this cat toy even without switch-on or power.
- 3) This toy ball will glow and make sound for 12 seconds then stop to rest, touch it and it will restore.

Patent No.: ZL2018 2049 9687.7(China)

Automatic Direction Change

PT2006 USB Feather and LED Magic Cat Ball (included FREE USB Charger Cable)

Size: dia.7cm

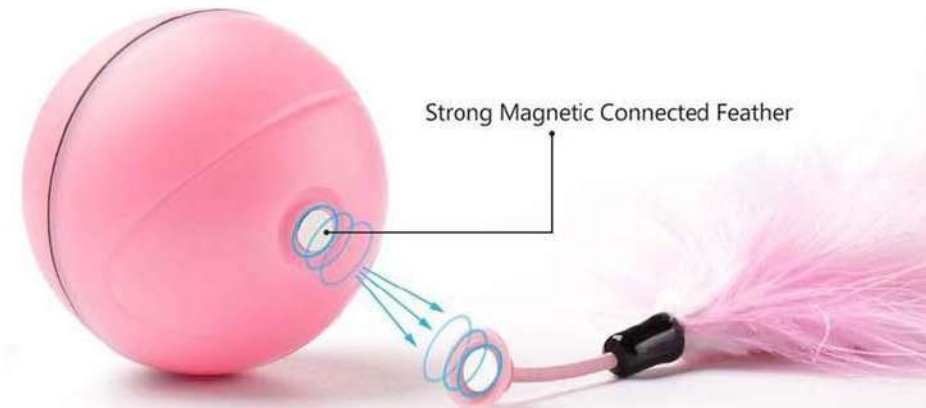

1) Intelligent Design-- Smart microcomputer control, this interactive cat ball is 360 degree automatic rolling, self steering if any barrier. Please watch the video to see the running speeds of 2 version .

2) Safety Material--Our automatic cat toy is made of environmental ABS ,food grade material would secure your cat's health. With red LED light instead of laser to protect your cat's eyes.

3) Rechargeable Design--With common USB port, the automatic cat ball is rechargeable and extra long endurance of 3 hours, that old version that sold by others could only last 30 minutes with button batteries .

4) Multi Ways to Catch Your cat's Eyes--irregular rolling, red LED light, detachable magnetic feather and ring ,your cat will love it so much. Please mention that the cat toy can't roll in carpet.

Patent No.: ZL2017 3055 4706.7
